PAY DAYS

HOUSE RULES

1. Management reserves the right to modify the House Rules, subject to regulatory approval.
2. Management reserves right to refuse the whole or any part of any bet request for any reason and at our sole discretion. Individual bet requests may be reviewed, and an alternative price/line or stake offered at our sole discretion.
3. Management reserves the right to determine minimum and maximum wager limits on all events, including on a wager by wager basis.
4. Oregon Law prohibits persons under the age of 21 from wagering, collecting winning wagers, or loitering in and/or about the Race and Sports Book area.
5. Management is not responsible for lost, stolen or misplaced, altered or unreadable wagering tickets.
6. The maximum total winnings to any customer on any calendar day for bets placed with The Mill Casino is \$50,000 (hereafter the "Maximum Daily Pay-out") and a maximum of \$25,000 paid in cash.
7. The maximum payout for any single wager or parlay is \$25,000 (hereafter the "Maximum Ticket Payout").
8. Management reserves the right to refuse/cancel any bet or part of a bet before the game starts and to make ambiguous bets void. We reserve the right to correct obvious errors (palpable) and apply revised odds/lines for final settlement across pre-game and in-play wagering.
9. Odds and line changes are posted at or above the betting kiosks and are available to guests for viewing at any time. Please verify current odds at time of bet.
10. Management does not accept any responsibility for typing, human or palpable errors, which lead to obvious price errors. In such cases all bets will be adjusted to the best available market price for the customer at the time of the wager being placed.
11. The sports book or employee of a book cannot accept a wager from a person who the sports book or employee of a book knows or reasonably should know is a messenger bettor or is placing the wager on behalf of another party in violation of federal law.
12. Fraud and Collusion:
 - a. A number of bets may be treated as being one when a customer places multiple copies of the same bet. When this occurs, all bets may

be voided apart from the first bet struck. A number of bets that contain the same single selection may be treated as being one. When this occurs, all bets may be voided apart from the first bet struck. An example would be where 1 particular selection is repeatedly included in multiple bets involving other short-priced selections.

- b. Where there is evidence of a series of bets each containing the same (or very similar) selection(s) having been placed by or for the same individual or syndicate or individuals, Management reserves the right to make bets void and suspend all betting. This rule applies to both settled and unsettled bets.
 - c. The Mill Casino Betting Kiosks are for sole use on an individual basis.
 - d. Management reserves the right to void any or all bets made by any person or group of persons acting in an attempt to defraud us. This includes Bonus abuse and syndicated (repeat bet) activity.
13. Multiple bets that combine different selections within the same event are not accepted where the outcome of one affect or is affected by the other. If such a bet (related contingency) is taken in error, the bet will be canceled.
 14. A prohibited sports pool participant, including an owner, athlete, coach, referee, manager, handler, or athletic or horse trainer, or an agent for such individuals, shall not be permitted to wager on any event governed by the league or sport's governing body with which they are affiliated.
 15. Customers cannot cancel or change a bet once the bet has been placed and confirmed. Customer(s) are responsible for checking the ticket accuracy, as all tickets go as written after the customer leaves the wagering counter. Once a wager is accepted by both parties, tickets will not be altered or voided except at the discretion of Management.
 16. Dead-heat rules: If two, or more, selections finish in the same position, the stake will be divided proportionally. A Dead-heat is calculated by dividing the stake proportionally between the number of winners in the event. In a two-way Dead-heat (2 winners), your return will be half of what it could have been. Dead-heat rules are that it is the STAKE that is halved not the betting odds. In a three-way tie/dead-heat then the stake would be reduced to one third of the original stake. A \$9 bet placed at 10/1 would become a \$3 bet placed at 10/1.

17. If any match is abandoned due to injury, bad weather, crowd trouble etc. all bets that have already been settled, until the time of abandonment, will stand.
 - a. For example: If a football match is abandoned in the second half, all bets involving the 1st half will stand. What's more, if there has been a goal scored, the first goal scorer market will stand, but the last and any time goal scorer bets will be void. For tennis: if a player retires injured in the 3rd set, all bets to win the 1st and 2nd sets will stand.
18. Any winning ticket shall be deemed lapsed and ineligible for payment 180 days after the date of the last sports event that forms the basis of such wager.
19. Winning tickets can be redeemed by mail to the address below. See the reverse side of the wagering ticket for instructions and address. If a self-addressed envelope is not included, a processing fee may be charged:
ATTN: Revenue Audit

3201 Tremont Ave.
